**Importance:** High

Dear Peter: Here is a word file for you. It only has the text. The maps illustration, data, contact, etc. need to be updated totally. . I did edit a few things in red but left the rest as is. I hope this is helpful to you. FYI, Jackie

Hi Jackie,

Hold off on copying the info. Im going to see if AR has the software to extract the text as necessary out of the CIP. We're probably going to do our own Public Participation Plan (same as CIP) specifically for Area 40 that way we don't need to cover the other OUs currently in the CIP. Thank you.

-Pete

Dear Peter: The 2004 Aerojet CIP was done by my predecessor and I have no Word file. The best I can do is try to convert paragraph by paragraph from the pdf to a Word file and send it to you. This means you will only have the words

and nothing else. Most of the information is old and may not apply specifically to Area 40. I will try to send you a file tomorrow with the pdf file I am using. FYI, Jackie

**Subject:** Aerojet Rocketdyne - 2004 CIP

Hi Jackie,

Can you please obtain a word version or easily modified (easily copied) version of the 2004 CIP so DTSC can start developing its own Public Participation Plan in order to meet the RAP deadline? AR is going to support DTSC in this endeavor. Please advise. Thank you
